

## **Background**

On April 9, 2014, the United States District Court for the Southern District of Florida authorized a Consent Decree between Miami-Dade County, the United States of America, the State of Florida, and the Florida Department of Environmental Protection, for improvements to the County's wastewater collection system. The Consent Decree requires a number of operational and maintenance improvements to Miami-Dade's water and sewer system. The rehabilitation of wastewater lines for Consent Decree Project 4.9 (20-21) is part of this program.

## **Projected Schedule**

Construction is scheduled to begin in July 2016, with an expected duration of eight (8) months.

## Program at a Glance

Project 4.9 (20-21)

Improvements include:

- Installation of 8-inch wastewater line from Pump Station #0366 (4361 NW 199 Street) along eastbound lanes between NW 199 Street and NW 200 Street
- Installation of 12-inch wastewater line along southbound lanes between NW 43 Court and NW 42 Avenue to NW 199 Street
- Installation of 6-inch wastewater line along NW 199 Street from Pump Station #0369 (3775 NW 199 Street) to NW 39 Avenue
